OBJECTIVE

Motivated 3rd year B.Tech Information Technology student with foundational knowledge in programming, web development, and data structures. Seeking an internship opportunity to apply problem-solving and software development skills while contributing to innovative software projects.

EDUCATION

B.Tech in Information Technology, JB Institute of Engineering and Technology
CGPA: 8.2/10

Expected 2028
Hyderabad, India

Intermediate (MPC), Telangana Model Junior College
Percentage: 92%

2022 - 2024
Nizamabad, Telangana, India

SKILLS

Programming Languages	C, Java, Python, HTML, CSS, JavaScript
Databases	MySQL
Developer Tools	Git/Github, VS Code
Academic Coursework	Data Structures, Operating Systems (Windows), CN, OOP, DBMS
Certifications	CSS Certificate (HackerRank) Generative AI Mastermind (Outskill) Google First Labs (Google Developer Groups) HackX Hackathon(JBIET) HackWithHyderabad Hackathon (HackwithIndia) Java Programming(Udemy) Adobe India Hackathon(Unstop)

INTERNSHIP

CodSoft | Web Development Intern | Remote

May 2025 - June 2025

- Designed and developed a responsive landing page using HTML and CSS, focusing on clean layout, structured design, and improved user interface.
- Built a web-based calculator application using HTML, CSS, and JavaScript to perform basic arithmetic operations with an interactive user interface.
- Improved front-end development skills, including responsive design, debugging, and UI structuring while completing internship tasks at CodSoft.
- Strengthened problem-solving, teamwork, and communication skills through project development and task completion.

PROJECTS

Personal Portfolio Website

- Developed a responsive personal portfolio website using HTML and CSS to showcase projects, technical skills, and contact information.
- Implemented structured layout and modern UI design to improve readability and user experience.
- Optimized the website for cross-device compatibility and responsive performance across desktop and mobile devices.
- Demonstrated front-end development skills, problem-solving, and web design fundamentals through project implementation. ([Project Link](#))

EXTRA-CURRICULAR ACTIVITIES

- Practice daily meditation to improve focus, discipline, and mental clarity, supporting consistent learning and productivity.
- Actively engage in self-learning of programming and technology concepts, participating in technical discussions and collaborative learning to enhance problem-solving, teamwork, and communication skills.
